## CONDITIONS OF SALE

---

All Aberdeen-Angus animals exposed for sale at sales held under the auspices of the Aberdeen-Angus Cattle Society hereinafter called "the Society" shall be sold subject to and in accordance with the following Rules:—

### A. PEDIGREE

All animals entered for a Public Sale must be entered in the Society's Herd Book by the Breeder as follows:—

- (1) (a) animals 4 weeks old and over must be tattooed, their births intimated to the Society and be entered in the Society's Herd Book prior to the sale.  
(b) animals under 4 weeks old must be tattooed, their births intimated to the Society and be entered in the Herd Book within four weeks after the date of sale.
- (2) in the case of a twin, this fact and whether it is a twin with a bull or a heifer must be noted on the sale entry form and in the sale Catalogue.
- (3) in the case of an animal got by artificial insemination, this must be noted on the sale entry form, and in the sale Catalogue.
- (4) the Pedigree of each animal is guaranteed to be correct by the person whose name appears as Vendor in the sale Catalogue.
- (5) all contraventions of the above Rules shall be reported, by anyone having knowledge of the contravention, to the Council of the Society who shall take such action as it considers appropriate and may instruct the Auctioneers to reject the animal from the show and sale.
- (6) should any dispute arise as to the identification in the Aberdeen-Angus Herd Book of any animal exposed for sale or as to the pedigree of any such animal, such dispute shall be referred to the Council of the Society or to such Sub-Committee as the Council may appoint as Arbiters or Arbitrators and their decision shall be final.

### B. VETERINARY

- (1) Animals affected with any disease of an infectious nature, or animals out of an infected herd are strictly prohibited from being brought to the premises occupied or used by the Auctioneers at the time of the sale, and should any such be brought, the Vendor will be held responsible for all damage or loss occasioned thereby.
- (2) **Tuberculosis**  
All animals exposed for sale must comply with the Tuberculin Test conditions in force at the time of sale as required by the Minister of Agriculture in England and the Secretary of State for Scotland in Scotland.

**(3) Brucellosis (Contagious Abortion)**

(a) **MALES.** An entry will only be valid if a certificate stating that the animal has passed the Agglutination Test within six weeks of the date of sale is received by the Auctioneers at their principal place of business one week prior to the sale.

(b) **FEMALES.** All females entered for sale must have passed the Agglutination Test, or have been vaccinated, during the fifth, sixth, seventh or eighth months of age or in accordance with the Ministry of Agriculture, Fisheries and Food Calf Vaccination Scheme. Vaccination Certificates must accompany entries; or Test Certificates stating that the animal has passed the Agglutination Test within six weeks of the sale, must be received by the Auctioneers at their principal place of business one week prior to the sale.

**(4) Tests or Re-tests**

If the animal be sold with the option to "Test" or "Re-test," such condition shall not operate to suspend the sale or the passing of the risk, but shall have effect only as follows:—

(a) Any option to test or re-test shall be provable only by entry in the Auctioneers' Sale Roll.

(b) If the option to re-test is given the Purchaser may require the animal to be submitted to the Single Intradermal Test for Mammalian Tuberculosis subject to the requirements of the Ministry of Agriculture in England and the Secretary of State for Scotland in Scotland, the Agglutination Test for Brucellosis at a laboratory approved by the Ministry of Agriculture, Fisheries and Food, and if a re-test for Johne's Disease is required it shall be the Complement Fixation Test for Johne's Disease to be carried out at the Weybridge Laboratory of the Ministry of Agriculture, Fisheries and Food. Notice in writing of the intention of the Purchaser to carry out such tests must be given to the Auctioneers before, or within three days of the termination of the sale.

(c) The test or re-test shall be made by a Veterinary Surgeon to be mutually agreed between the Vendor and the Purchaser or, failing their agreement, to be appointed by the Auctioneers.

(d) Should vendors wish to sell their animals subject to the rules governing importation prevailing at date of sale to any Importing Countries such countries must be specified individually by the Vendor and announced by the Auctioneers at the time of sale.

(e) Any option to test or re-test shall be provable only by entry in the Auctioneers' Sale Roll.

(f) Any alterations to the rules governing importation made by the United Kingdom or the Country of Import subsequent to the date of sale shall be at the risk of the Purchaser, and will not entitle him to any tests not in force at the date of sale.

- (g) The test or re-test shall only be made when the animal is (in the opinion of the chosen Veterinary Surgeon) in a fit state for testing and in the case of a test for Tuberculosis on an animal in an Attested Herd, after permission has been obtained from the Ministry of Agriculture, Fisheries and Food. The time for testing shall be limited to three weeks after sale, with power, however, to the Auctioneers to extend the period of testing from time to time if they, after hearing the chosen Veterinary Surgeon, deem such extension reasonable, and provided that in the case of the test for Tuberculosis, it shall only be carried out after an interval of not less than thirty days following any previous test for Tuberculosis.
- (h) Animals sold subject to tests or re-tests must be tested on the premises of the Vendor.
- (5) The Bull Fertility Guarantees printed on coloured insert apply to this Sale.
- (6) All cows and heifers that are stated in the Catalogue as having been served or artificially inseminated not less than twelve weeks before the date of sale, or stated as having been running with a bull between dates (the latter of which is not less than twelve weeks before date of sale), will be guaranteed by the Vendor to be in-calf to the service date or between dates and to the bull stated in the Catalogue, unless any alteration is announced at the time of sale. Heifers which have not had a calf and which are sold unserved shall be so guaranteed.

All claims which may be competent under this Rule must be intimated to the Auctioneers at their principal place of business by registered post within thirteen weeks of the Sale, but in respect of females purchased for export a claim must be made prior to the shipment of the animal or within the said period of thirteen weeks, whichever is the earlier date.

To establish any claim under this Rule the Purchaser and Vendor shall mutually agree upon a Veterinary Surgeon to examine the animal, and failing agreement within three weeks after the receipt of the claim by the Auctioneers, a Veterinary Surgeon shall be appointed by the Auctioneers. In his certificate the Veterinary Surgeon must state whether or not the condition of the animal was due to any injury or disease contracted since the Sale. Should the Veterinary Surgeon's certificate establish the Purchaser's claim the Vendor shall be bound to accept delivery of the cow or heifer (as the case may be) and refund to the Purchaser the full purchase price of the animal which shall be at the Vendor's risk and expense as from the date of the notification to the Vendor of the Veterinary Surgeon's decision, together with the cost of keep and any expenses of transport incurred by the Purchaser. Failing agreement between

the Vendor and the Purchaser the Auctioneers shall decide by which party the Veterinary Surgeon's fees and expenses shall be paid and the decision of the Auctioneers shall be final and binding on both parties.

### C. SALE

- (1) All animals exposed for sale must be the *bona fide* property of the Vendors at the time of the sale.
- (2) The animals shall be exposed for sale separately (except that a dam and her calf may be sold together if so stated in the following Catalogue) according to the numbers in the Catalogue.
- (3) The highest bidder shall be declared the Purchaser (subject to Rule C. (4)) and each bid shall exceed the former by at least one-half guinea. The Auctioneers reserve the right to refuse any bid without giving a reason for so doing.
- (4) The Vendor has the right to fix a reserve price and to announce such price before, during or at the conclusion of the bidding. The right to bid by or on behalf of the Vendor in terms of the Sale of Goods Act, 1893, is expressly reserved.
- (5) Each animal forward at the sale must be exposed for sale by auction before any private sale shall be permitted or recognised by the Auctioneers.
- (6) Immediately after the sale of an animal the price thereof shall be paid by the Purchaser in cash to the Auctioneers. On the price being paid the Purchaser shall receive from the Auctioneers a written removal order and shall at his own expense remove the animal within one day of the sale or within such period as may be laid down by the Auctioneers at the commencement of the sale. No animal shall be removed without the Auctioneers' written removal order and any animal so removed shall be recovered by the Auctioneers summarily without any further warrant.
- (7) In the event of any purchaser not paying for and or not removing the animal purchased in compliance with Rule C. (6) hereof the Auctioneers in their option may, without the consent of the Vendor either (a) sue the Purchaser for the price and interest thereon at the rate of six per cent. per annum and for the keep of, and any other expense incurred by them in connection with such animal, or (b) re-sell the animal either publicly or privately and recover from the defaulting Purchaser the deficiency (if any) attending such re-sale and interest thereon as aforesaid together with the keep and all other expenses. The defaulting Purchaser shall have no defence to the Action taken by the Auctioneers. In the event of there being any surplus after paying interest, keep, and other expenses as aforesaid, such surplus shall be paid to the defaulting Purchaser.

- (8) Immediately after the purchase of each animal is declared, the risk of the animal shall pass to the Purchaser, but until the price is paid, the right of property shall not pass and delivery of the animal shall be suspended.
- (9) In the case of animals sold privately within the premises of the Auctioneers the risk and the passing of the property thereof shall be governed by the bargain made between the parties and Rule C. (8) shall not apply thereto.
- (10) No undertaking by the Auctioneers or their servants to take charge of any animal after the sale or to forward it to its destination shall be held to impose upon the Auctioneers any legal obligation or invalidate any of these Rules.
- (11) No liability whatsoever is undertaken by the Auctioneers for the accuracy or otherwise of the statements appearing in the Catalogue or made at the sale. The Vendor is responsible for such statements and for any error or mis-statement.
- (12) Apart from the Guarantees laid down in these Rules or specifically given by the Vendor in the Catalogue animals are sold subject to their condition and to all faults.
- (13) In the foregoing Rules the word "animal" shall be held to include a dam and calf when sold together.
- (14) The Council of the Society may, prior to any Sale, nominate and appoint two members from the Society's Panel of Judges to inspect the animals forward at the Sale, in order to ascertain that such animals are fit for inclusion in the Sale. The members so appointed shall, in consultation with the Auctioneers, be the sole judges as to whether or not the animals may be included in the Sale and shall have power to debar from the Sale any animal which they consider is not of a fit standard. No Exhibitor will have any claim for damages in respect of any animal which is rejected under this Rule.

#### **D. COMMISSION**

- (1) The Auctioneers shall charge and deduct commission of One shilling and twopence per guinea (twopence of which shall be paid by them to the Society), from the price of all animals sold, including those which may be sold privately in their premises at the time of the sale.
- (2) The Auctioneers shall be entitled to make a charge of £1 per animal against the owner on all animals entered but not put forward for sale.
- (3) The Auctioneers shall be entitled to charge against the owner one per cent. on the price bid or £1 per animal whichever is the greater on all animals put through the sale ring and withdrawn.

## SEMEN TESTING

Bulls may only be sold subject to the terms of the Bull Fertility Guarantee and **NOT** to the results of a Semen Test.

Although Council wishes to draw the attention of members to the lack of reliability of the Semen Test, no objection can be raised to private post-sale arrangements between a buyer and a seller provided that a negative Semen Test is not accepted as sole proof of infertility.

**BULL FERTILITY GUARANTEE  
AND CONDITIONS AND PROCEDURE RULES  
APPLICABLE THERETO**

---

**1. THE GUARANTEE**

All Bulls except those sold to go to non-attested Herds within Scotland, England, Wales and Northern Ireland are sold with a Guarantee by the Vendor to the Purchaser as follows:—

**Bulls aged 20 Calendar Months or over**

- (a) In the case of bulls aged 20 calendar months or over at the date of sale that they are good servers and stockgetters and will prove themselves as such within four calendar months from the date of sale and

**Bulls aged under 20 Calendar Months**

- (b) In the case of bulls aged under 20 calendar months at the date of sale that they are capable of getting stock within six calendar months from the date of sale or from the date on which the bull reaches the age of 12 calendar months whichever is the later. At the expiry of such period, should the bull have failed to have proved capable of getting stock due, in the opinion of a Veterinary Surgeon appointed by agreement between the Vendor and the Purchaser or failing agreement by the Auctioneers, to immaturity, said period shall be extended for a further period of three months at the expiry of which time the normal procedure as provided for hereunder shall apply. The decision as to whether this provision shall be invoked shall lie with the Vendor.

**The Guarantees 1 (a) and 1 (b) are given subject to and under the following Conditions and Procedure Rules. Particular attention should be paid to the “Guarantee Period” and “Trial Period” :—**

**2. DEFINITION**

- (a) **“Capable of getting stock.”** “Capable of getting stock” is deemed to be proved as soon as one female is in calf to the bull, irrespective of whether hormone or other treatment has been used and irrespective of where such female may have been served by the bull i.e. it is not a condition that such service shall have taken place on the Purchaser’s farm or with a female owned or provided by him.
- (b) **“Guarantee Period.”** The “Guarantee Period” is the period during which the guarantees referred to in 1 (a) and 1 (b) above are in force.

- (c) **"Trial Period."** The Trial Period in the case of bulls aged 20 calendar months or over at the date of sale, is two calendar months next after the date of sale and in the case of bulls aged under 20 calendar months at the date of sale three calendar months next after the date of sale or before the date on which the bull reaches the age of 15 calendar months whichever is the later.

### 3. CONDITIONS

- (a) That they apply to bulls bought for export, only so long as they remain in Scotland, England, Wales or Northern Ireland.
- (b) That incapacity due to injury from whatever cause, or to illness, suffered, or contracted after the date of sale is not covered by the Guarantees.
- (c) That the Purchaser shall throughout the Guarantee Period give the bull full and sufficient opportunity to prove that he is a good server and stockgetter or to demonstrate his ability to get stock whichever the case may be.
- (d) That in the case of bulls aged under 20 calendar months at the date of sale if the Vendor so requires the Purchaser shall allow and facilitate the removal of the bull from his premises to give the Vendor the opportunity of demonstrating the bull's ability to get stock within the Guarantee Period any such demonstration shall be substantiated by a certificate of a Veterinary Surgeon to the effect that an animal is in calf to the bull. Production of such a certificate shall bind the Purchaser to accept the bull as complying with the terms of the Guarantee irrespective of any custom of the trade and the Vendor shall not be liable.
- (e) That the expenses incurred in any test to establish whether the bull fulfils the terms of the Guarantee or not, after removal from the Purchaser's farm at the Vendor's request in terms of Condition 3 (d) hereof shall be paid by the Purchaser if the bull fulfils the terms of the Guarantee and by the Vendor if the bull fails to do so.
- (f) That liability shall be limited to the purchase price of the bull at the sale, with the addition, if applicable, of expenses as provided for in 3 (e) above and in Procedure Rule 4 (b) hereunder. Liability does not cover interest, expenses (except as provided for in Condition 3 (e) and Procedure Rule 4 (b)) costs, loss of profits or consequential loss or any other sum or claim whatsoever.
- (g) That in the event of a claim being substantiated and the purchase price being refunded the bull shall automatically become the property of the Vendor and be returned to him or disposed of according to his instructions at his expense.

- (h) That Hormone treatment or surgical treatment or operations shall be given or carried out only with the consent of the Purchaser and Vendor, except that surgical operations to correct faults which in the opinion of a Veterinary Surgeon to be appointed by agreement between the Vendor and the Purchaser or failing such agreement by the Auctioneers are not hereditary shall be permitted without consent should the Veterinary Surgeon be of the opinion that such operations would prove beneficial. The decision of the Veterinary Surgeon shall be final.
- (i) That the Purchaser shall comply precisely with the whole conditions herein and with the Procedure Rules for Claims hereinafter prescribed. Failure to do so shall avoid all liability under the Guarantees.

#### **4. PROCEDURE RULES FOR CLAIMS UNDER THE GUARANTEES**

- (a) The Purchaser shall claim by giving notice to the Auctioneers by registered letter immediately after evidence that the bull is not a good server and stockgetter or of failure to get stock as the case may be, has come to his notice, and in any case before the expiry of the Trial Period. The Auctioneers in turn will immediately inform the Vendor, at the same time sending to the Purchaser by Registered Post a Bull Fertility Report Form which shall form the basis of the claim. In all cases this Form, fully completed, must be returned to the Auctioneers within 30 days from the date of intimation by the Purchaser. To comply with this Rule the Purchaser must notify the Auctioneers before the expiry of the Trial Period if sufficient time has not elapsed after service to determine that such service has been successful.
- (b) On receipt of the Bull Fertility Report Form, duly completed, the Auctioneers will consider whether any further evidence or other particulars are necessary to enable them to decide whether the bull is a good server and stockgetter or whether the bull is capable of getting stock or not as the case may be and they must in any event give their decision on or before the expiry of two calendar months after the expiry of the Guarantee Period. Any expenses properly incurred by the Auctioneers in obtaining evidence or other particulars required by them shall be payable by the unsuccessful party or as the Auctioneers may direct.
- (c) The Vendor shall receive from the Auctioneers and the Purchaser such relevant information concerning the claim as he may desire and be entitled to carry out examinations of the bull and do any other act he may consider necessary for the protection of his interests.
- (d) If the Purchaser fails within such time as the Auctioneers prescribe without sufficient cause or excuse to give all the information or other facilities required by the Auctioneers to enable them to issue their decision on his claim such claim shall be held as abandoned, and shall be forfeit.

- (e) In the event of the Vendor and Purchaser or either of them being dissatisfied with the decision of the Auctioneers or if the Auctioneers fail to issue a decision before the expiry of two calendar months after the expiry of the Guarantee Period the dispute shall be referred to Arbitration by an Arbiter or Arbiters who shall forthwith be nominated failing agreement between the Vendor and Purchaser by the Council of the Aberdeen-Angus Cattle Society and the decision of such Arbiter or Arbiters shall be final and binding on all concerned. The Arbiter or Arbiters shall have power to take such skilled or other advice and such probations and do any act or thing as he or they may think necessary. Any action under this Rule must be initiated by the dissatisfied party within 14 days from the date on which the Auctioneers issue their decision or of the expiry of two calendar months after the expiry of the Guarantee Period should the Auctioneers fail to make a decision, by giving written notice by registered post to the Secretary of the Society at its office, Pedigree House, 7 Bon-Accord Square, Aberdeen, that the Purchaser or Vendor wishes the dispute referred to arbitration.
- (f) Should the bull respecting which a claim is made be exported from Scotland, England, Wales or Northern Ireland or enter a non-attested herd before a final decision under Rule 4 (e) hereof has been given on the claim, and the claim shall be held as abandoned and shall be forfeit and
- (g) Notice of claim shall be made to the Auctioneers only in terms of Rule 4 (a) hereof. No private arrangement between the Purchaser and Vendor to the contrary will be recognised.

## **5. GENERAL**

In cases where the Vendor insures against his liability under the Guarantees, the insurers shall take over the whole rights and liabilities of the Vendor under the Guarantees and Procedure Rules.

- (4) The Auctioneers shall not be entitled to charge commission on animals sold which fail the re-test, but shall be entitled to make a charge against the owner of £1 per animal in respect of cataloguing, etc.

#### **E. GENERAL**

- (1) Without prejudice to the foregoing Rules, it is hereby expressly declared that the Vendor by selling and the Purchaser by purchasing any animal shall be bound by the above Rules notwithstanding the terms of any statutory enactment or custom of trade to the contrary.
- (2) The Auctioneer is Judge of the Sale, to whom all disputes and differences of any kind which may arise at and in relation to the Auction, either between Vendors and bidders or among bidders themselves shall be referred and his decision shall be final and binding on all parties.
- (3) Any dispute as to any matter for the settlement of which no provision is made in these Rules shall be referred to an Arbiter or Arbiters (Arbitrator or Arbitrators) to be appointed, failing agreement between or amongst the parties, by the Auctioneers. The decision of the Arbiters so appointed shall be final and binding on all parties to the dispute. Any Arbitration under this Clause shall be subject to the provision of the Arbitration Act for the time being in force in Scotland if the sale was in Scotland or in England if the sale was in England and shall be deemed to be a reference to Arbitration thereunder.

## CONDITIONS OF SALE

---

1. The Cattle will be exposed separately according to the numbers in the following Catalogue. The Auctioneers reserve the right to refuse any bid without assigning any reason. The highest offerer of each lot will be preferred to the purchase (subject to Article 3)—each offer exceeding the former by at least one guinea. All entries must be clearly tattooed in the ear with their correct tattoo letters and numbers in accordance with the Regulations of The Shorthorn Society, and any animal found not being so tattooed will be reported to the Directors of The Beef Shorthorn Cattle Society, and such animal may be rejected from the Show and Sale. Twins must be so described, also whether twin with a male or female. A twin female with a male will not be accepted, unless guaranteed in calf, or having had a calf.

2. The pedigree of each animal is guaranteed to be correct and registered or accepted for registration in Coates's Herd Book (Beef) by the person whose name appears as the Exposer, but every animal is sold subject to all visible faults, except where a bull is sold with only one testicle down the owner must make intimation to this effect in the Catalogue. Buyers must satisfy themselves as to the correctness of all bull calves, under 10 months old, before taking delivery. No liability whatever is undertaken by the Auctioneers for the statements appearing in the Catalogue or made at the Sale. The Exposer who supplies such statements is alone responsible for any error or mis-statement. Animals affected with any disease of an infectious nature or animals out of an infected Herd are strictly prohibited from being brought to the premises occupied or used by the Auctioneers at the time and should any such be brought, the Owner or Consigner will be held responsible for all damage or loss occasioned thereby.

3. The Exposers reserve the right to fix a reserve price, and to announce same before the bidding begins or during the time of the bidding or at the conclusion thereof. The right to bid by or on behalf of the Seller in terms of the Sale of Goods Act, 1893, is expressly reserved. Every animal must be the *bona fide* property of the Exposer at the time of Sale.

Notwithstanding the above, no opening bid of less than 100 guineas may be accepted for any bull. Any bull failing to receive this bid will be passed out unsold.

(Note.—The condition regarding the opening bid of 100 guineas for bulls is meantime only applicable to the February Show and Sale at Perth.)

4. Immediately after each purchase is declared, the risk of the animal shall be exclusively with the Buyer, and it is declared that until a settlement shall be made in terms of these Conditions the delivery of the animal shall be suspended. The right of property shall not pass until the price is paid.

5. Immediately after the Sale all lots must be paid for in cash to the Auctioneers. The price being paid, each lot shall be taken away at the Buyer's expense within one day after the Sale thereof. Lots shall only be removeable from the Auctioneers' possession on a written order from their clerk, and any lot removed in contravention of this condition may be recovered *brevi manu* by the Auctioneers.

6. Should any buyer fail to pay for and remove his purchase in compliance with the above Conditions, the Auctioneers in their option may either (a) sue the Buyer for the price and interest thereon at the rate of *Six per Centum per Annum* and for the keep of, and any other expense incurred by them in connection with, such purchase, or (b) re-sell the Lot either publicly or privately and recover from the defaulting buyer the deficiency (if any) attending such re-sale and interest thereon as aforesaid together with the keep and all other expenses. In either case, the Auctioneers shall have the right to sue at their own instance without the consent of the Owner or Consigner, and no defence whatever in such action shall be competent to the Buyer who shall have recourse against the Owner or Consigner alone.

7. If any animal be sold with the option to "Test" or "Re-Test," such condition shall not operate to suspend the sale or the passing of the risk but shall have effect only as follows:—

- (a) The condition shall be provable only by entry in the Auctioneers' Roup Roll.
- (b) If the option to re-test is given, the Purchaser may require the following Tests—
  - (i) Single Intradermal Comparative Test for Tuberculosis;
  - (ii) Agglutination Test for Contagious Abortion; and
  - (iii) Complement Fixation Test for Johne's Disease.

These Tests to be carried out by a laboratory approved by the Ministry of Agriculture, Fisheries, and Food.

Notice in writing of the intention of the Purchaser to carry out such Tests must be given to the Auctioneers before, or immediately after, termination of the Sale.

**Should any Vendor wish to offer additional Tests, or should any Buyer who may require additional Tests make arrangements with the Vendor prior to the Sale, details must be given to the Auctioneers and shall be provable only if included in the Auctioneers' Roup Roll.**

- (c) The Tests shall be made by a Veterinary Surgeon to be mutually chosen between the Buyer and Seller or, failing their agreement, to be appointed by the Auctioneers.
- (d) The Tests shall only be made when the animal is (in the opinion of the chosen or appointed Veterinary Surgeon) in a fit state for testing and in the case of a Test for Tuberculosis on an animal in

an Attested Herd, after permission has been obtained from the Ministry of Agriculture, Fisheries, and Food (unless altered by mutual agreement).

- (e) The declaration of the chosen or appointed Veterinary Surgeon that the animal has been duly tested and the result of his test shall be final and binding on both Seller and Buyer.
- (f) If the animal be so declared not to have passed the Tests, the Buyer shall have the right to require the Seller to re-purchase the animal at the price of the original sale. Such requisition shall be notified in writing to the original Seller, and from the date of receipt of such notice the risk and expense of the animal shall be transferred to him.
- (g) In any case where the option to Test is exercised, the Auctioneers shall be entitled to retain the price until the result of the Test is declared.
- (h) The expense of any such Test or Tests shall be borne by the Purchaser.

8. Should an Exposer wish to warrant a bull as being a good server and stock-getter or such other qualified warranty as the Exposer may wish to give, such warranty shall be included and shall form part of the description of the bull as shown in the printed Catalogue. Should a warranty of good service and stock-getter be given, and should it be established subsequent to the Sale that the bull is incapable of service, or while capable of service is incapable of getting stock, a Purchaser shall be entitled, within (a) three calendar months from the date of the Sale, or (b) within three calendar months of the animal reaching twelve months of age, whichever is the later date, to intimate such incapacity to the Vendor, and if such incapacity shall be proved by a Certificate of a Veterinary Surgeon mutually chosen, the Vendor shall be bound to accept delivery of the bull and refund the Purchaser the full purchase price of the bull. To establish a Claim under this condition, the Purchaser must give notice of his claim within the limits as prescribed above. Should the Purchaser and Vendor not agree upon the appointment of a Veterinary Surgeon to examine the bull, the Auctioneers shall appoint a Veterinary Surgeon for this purpose and shall decide by which party the Veterinary Surgeon's fees and expenses shall be paid. In his Certificate the Veterinary Surgeon must state that he has examined the bull, that its impotence or incapacity is not due to injury suffered or illness contracted since the purchase, and that he has also examined the cows or heifers upon which the bull has been tried and found them in a normal breeding state or condition, and he shall give his reasons for declaring the bull ineffective and incapable of getting stock. Notwithstanding the right of the Purchaser to return the bull to the Vendor on the ground of impotency or incapacity, the Vendor shall in no case be liable under this condition for a sum exceeding the amount for which the bull was sold (plus any expenses which may be awarded by the Auctioneers against the Vendor in terms of this paragraph)

less its saleable value at the date of the Veterinary Surgeon's Certificate. In respect of bulls purchased for export, no claim under this Article shall be valid unless made prior to the shipment of the bull from Great Britain or Ireland.

It shall be understood that this guarantee does not operate where a bull from an Attested Herd is sold to go to Non-Attested Premises.

9. All females must be certified to have passed the Agglutination Test for Contagious Abortion within three months prior to the date of Sale, or must have been vaccinated. The blood samples for the Agglutination Test must have been taken by a Veterinary Surgeon and submitted by him to any laboratory approved by the Ministry of Agriculture, Fisheries, and Food. Animals having passed the test must not, prior to the Show and Sale, come into contact with any animal that is known to be infected with Contagious Abortion. Any female which has not passed the Agglutination Test within three months prior to the date of Sale but which has been vaccinated, can only be accepted for the Show and Sale, provided that one of the following certificates (signed by a Veterinary Surgeon) is supplied to the Auctioneers on or before the arrival of the animal at the market premises:—

- (a) That the animal was vaccinated with Br. Abortus Vaccine No. 1 (Strain 19) when between four and eight months old and within three years of date of Sale, or
- (b) That the animal having passed the Agglutination Test was then vaccinated within fourteen days with Br. Abortus Vaccine No. 1 (Strain 19) when over eight months old and within three years of date of Sale.
- (c) Any female not complying with the above Regulations must be penned separately and sold at the end of the Sale, the results of an Agglutination Test, made within three months prior to the date of the Sale, to be displayed on the Pens.

10. All cows and heifers that are stated in the Catalogue as having been served or artificially inseminated not less than twelve weeks before the date of Sale, or stated as having been running with a bull between dates (the later of which is not less than twelve weeks before date of Sale), will be guaranteed to be in-calf to the service date or between dates and to the bull stated in the Catalogue, unless any alteration is announced at the time of Sale. Heifers which have not had a calf and which are sold unserved shall be so guaranteed. All claims which may be competent under this condition must be intimated to the Auctioneers within sixteen weeks of the Sale, but in respect of females purchased for export a claim must be made prior to the shipment of the animals from Great Britain or Ireland or within the said period of sixteen weeks whichever is the earlier date. To establish any claim under this Condition the Purchaser and Vendor shall mutually agree upon a Veterinary Surgeon to examine the animal, and failing agreement a Veterinary Surgeon shall be appointed by the Auctioneers. In his Certificate, the

Veterinary Surgeon must state that the condition of the animal was not due to any injury or disease contracted since the Sale. Should a claim be made and established as a result of the Veterinary Surgeon's Certificate the Vendor shall be bound to accept delivery of the cow or heifer (as the case may be) and refund to the Purchaser the full purchase price of the animal which shall be at the Vendor's risk and expense as from the date of the notification to the Vendor of the Veterinary Surgeon's decision. Failing agreement between the Vendor and the Purchaser the Auctioneers shall decide by which party the Veterinary Surgeon's fees and expenses shall be paid.

11. No undertaking of the Auctioneers or their servants to take charge of any animal after the Sale or to forward it to its destination shall be held to impose upon the Auctioneers any legal obligation or vitiate any of the foregoing conditions.

12. If any dispute—other than (a) a dispute or question relating to the conduct of the Sale and (b) a dispute for the settlement of which provision has been made in terms of these Conditions—shall arise regarding any Beef Shorthorn animal registered in Coates's Herd Book (Beef) and sold at this Sale, such dispute shall be referred to the Council of The Shorthorn Society of Great Britain and Ireland as sole Arbiters for settlement, and the decision of the Council shall be final and binding on all parties to the dispute.

13. Private Sale. Each animal entered in the Catalogue and in the sale-yard, must be offered for sale by Auction before any private sale shall be allowed or recognised by the Auctioneers. The usual commission must be paid on all animals afterwards sold privately within the premises of the Auctioneers.

14. Without prejudice to the foregoing Conditions of Sale it is hereby expressly declared that the Exposer by Selling and the Purchaser by purchasing any animal in terms of the Conditions of Sale shall be bound by the above Conditions of Sale and shall be bound, where a dispute is referred to a Veterinary Surgeon, to accept the verdict or decision of the Veterinary Surgeon as final and binding on both Exposer and Purchaser. Neither party shall have any recourse to law in respect of said dispute otherwise than on the ground of fraud.

15. Commission and Levy.

- (a) The Auctioneers shall charge and deduct commission of One Shilling per guinea, also a Levy of eightpence per guinea (which shall be paid by them to the Society), from the price of all animals sold, including those which may be sold privately in their premises.
- (b) The Auctioneers shall be entitled to make a charge of £1 per animal against the owner on all animals entered but not put forward for sale.

- (c) The Auctioneers shall be entitled to charge against the owner one per cent. on the price bid or £1 per animal whichever is the greater, on all animals put through the sale ring and withdrawn.
  - (d) The Auctioneers shall not be entitled to charge commission or levy on animals which for any reason are returned to the Vendor and the sale cancelled, but shall be entitled to make ordinary charges against the owner in respect of cataloguing, keep, etc.
16. The Auctioneer is appointed Judge of the Sale, to whom are hereby submitted all disputes and differences of any kind which may arise at and in relation to the Auction, either between Exposers and Offerers or among Offerers themselves. His decision shall be final and binding on all parties.

## REFERENCE TO SIRE

---

### BROADLEYS

ERICSSON OF BROADLEYS (167010), calved 16th January, 1959, bred by Major A. M. Dixon, Broadleys, Gleneagles, Auchterarder, Perthshire—sire, Prince Consort of Gaidrew; dam, Ergita of Harviestoun.

Ericsson of Broadleys has bred very well, and a lot of his young females have been retained in the herd. Heifers sold have made up to 800 guineas, and, at the 1963 Perth County Show, daughters of his won both heifer calf classes, and a son was 2nd prize bull calf. At the Perth Bull Sales his sons included Jasco Eric of Broadleys, 1st prize winner, sold for 5100 guineas to the Argentine; Erlend of Broadleys, 1st prize winner, sold for 2800 guineas; Balgour Pericsson, 4th prize winner, sold for 1200 guineas; Jacatex of Broadleys, 2nd prize winner, sold for 1000 guineas; Evolin of Broadleys, 2nd prize winner, sold for 1200 guineas; and Jarryl Eric of Broadleys, 3rd prize winner, sold for 1600 guineas. At the Perth County Show in August, 1964, Ericsson of Broadleys was male champion and supreme champion of the breed.

### CHARTERHOUSE

EDWIN ELIOT OF CHARTERHOUSE (174127)—sire, Newhouse Edwin Eliot; dam, Eldoma 14th of Charterhouse by Newhouse Edwin Erison.

Edwin Eliot of Charterhouse won 3rd prize in his class at Perth and sold for 2500 guineas. In his first season, he sired three bull calves—one was 5th in his class at Perth in February, 1962; another was champion at the Elgin Bull Sale in 1963, and the third was champion at the October Sale at Perth in 1963 and sold for 700 guineas to Zetland Estates. He was also the sire of the 2nd, 3rd, and 4th prize heifer calves at the October Sale in 1963.

### GLOAGBURN

KNIGHT OF GLOAGBURN (155787)—dam, Kitten of Gloagburn (155792).

Knight of Gloagburn was a 4th prize bull at Perth in 1957, and cost 1650 guineas. He is out of Kitten of Gloagburn, a half-sister to Kerdon of Gloagburn (136925), the sire of the reserve champion group of three bulls by one sire at Perth in February, 1953.

## HARVIESTOUN

EVREUZ OF HARVIESTOUN (154910) was bought at Perth in 1957 for 3000 guineas. He was reserve male champion at the Royal Highland Show in 1957. Jubra Eric was purchased at Perth in February, 1949, for 2600 guineas. He was 2nd in his class at the Royal Highland Show in 1949, and 1st in his class at the Royal Highland Show in 1954. His sire, Janric of Dalmeny, proved a great breeder for Mr. Kerr, having sired three champions at Perth Bull Sales.

## HAYMOUNT

BOSUN OF HAYMOUNT (153121), calved 4th December, 1955, bred by Messrs J. & W. Arnott, Haymount, Kelso—sire, Bahram of Broadleys by Prince Consort of Gaidrew; dam, Black Lintle of Haymount by Jungle Eric of Candacraig.

Bosun of Haymount was 1st in the early December class at the Perth Sales in 1957, and was sold for 11,000 guineas. His sire, Bahram of Broadleys, was 1st in his class at the Perth Sales in 1954, and sold for 4800 guineas to Haymount, where he has sired many high-priced animals. His dam, Black Lintle of Haymount, is one of the best daughters of the noted Jungle Eric of Candacraig, who was such an outstanding success as a breeder at Haymount. Bosun of Haymount is the sire of many four and five-figure priced bulls at Perth in recent years, including Jumbos Eric of Candacraig, the then record-priced bull of the breed, sold for 33,000 guineas in February, 1962. Nineteen of his bull calves have been sold at Perth for an average of over 5000 guineas, and many more up to 2000 guineas at Perth and St. Boswells. One quarter of all 1st prize winning bulls at the 1962 February Perth Sales were out of dams sired by Bosun of Haymount. At the 1963 Royal Highland Show, a son of Bosun of Haymount was chosen to represent the breed. He was sold at Perth in October, 1964, when nine years old, for 1200 guineas.

PARAGON OF HAYMOUNT (140422), calved 11th February, 1952, bred by Messrs. J. L. & W.
